A Brief History Of Everything

A Brief History of Everything' is an engaging, accessible and friendly excursion into the history of consciousness. Wilber examines the course of evolution as the unfolding manifestation of Spirit, from matter (the cosmos) to life (the biosphere) to mind (human consciousness), including the higher stages of spiritual evolution, when Spirit becomes conscious of itself.

I was first exposed to Ken Wilber when I found his book, A Brief History of Everything, on my Dad's bookshelf. (I am always attracted to bookshelves.) My Dad didn't have much to say about the book except that I could take it. He told me that it was a selection of the Mira Costa College book group that met monthly to discuss their selections and vote upon others. The book sat on my shelf ...
