Free Rice is an online internet game that donates 20 grains of rice to the World Food Programme (WFP) for every word that is correctly defined. WFP, the United Nations frontline organization fighting hunger, distributes the rice to the hungry.

Free Rice - Games For Change

A grain is a small, hard, dry seed, with or without an attached hull or fruit layer, harvested for human or animal consumption. A grain crop is a grain-producing plant. The two main types of commercial grain crops are cereals and legumes. The term specifically refers to seeds of plants of the grass family, such as wheat, corn, and rice; seeds of non-edible weeds sometimes either are called grains.

Freerice

Rice is a grain, the seed of a type of grass, which is the most widely grown and the most important source of dietary carbohydrate on Earth.

Generally grown in flooded paddy fields to keep predators at bay, it can also be grown in soil but then requires much more human intervention and pest control.
