Taylor Sunshine and Pierce Powers vowed to keep things platonic. They already have the best of each other: loyalty, friendship, and trust. Why ruin the perfect relationship? That kind of forever love isn't in the picture anyway for a restless, aspiring artist like Taylor. Her sights are set beyond the horizon of Cape May and Sunshine Bridal. The oceanfront hometown is part of Pierce's heart--just like Taylor is. And it breaks at the thought of her leaving. As her closest friend since high school, he supports her desires, even if she must follow them away from Cape May. But when their defenses are down, all it takes is one impulsive, vulnerable night to change all the rules. From old friends to overnight lovers, they make a new pact: explore a summer fling, no strings attached. But as the nights heat up and their connection grows deeper, hard choices must be faced. As summer nears its end, will Taylor and Pierce fulfill their individual dreams? Or are new dreams just beginning to come true?

The emergence and disintegration of states, often under conditions of appalling violence, is a problem of primary importance in the world. Chad's long experience of civil strife and foreign intervention illustrates some of the fundamental difficulties involved in the attempt to achieve political stability through armed intervention. Covering Chad's thirty years of civil strife, Limits of Anarchy looks at foreign intervention in Chad's civil war and the effects of such intervention on state construction. The first major study of Chad to appear in English for many years, the book pays particular attention to French, Chadian, and other African political reflections on the problem of Chad. Chadians still hope to construct a viable national state. Nolutshungu looks at their rival approaches to state building under external constraints and at reasons for their failure.
