PPT—Hitler's Lightning War PowerPoint presentation—

1) Nazism- extreme nationalism. 2)Hitler wanted "purification". He believed Germans—especially blue-eyed, blond-haired "Aryans"—formed a "master race" that was destined to rule the world. "Inferior races," such as Jews, Slavs, and all nonwhites, were deemed fit only to serve the Aryans. 3) A third element of Nazism was national expansion.

Chronicles the rise and eventual fall of Nazi Germany during World War II.

Once again, the State of Arkansas has adopted An Arkansas History for Young People as an official textbook for middle-level and/or junior-high-school Arkansas-history classes. This fourth edition incorporates new research done after extensive consultations with middle-level and junior-high teachers from across the state, curriculum coordinators, literacy coaches, university professors, and students themselves. It includes a multitude of new features and is now full color throughout. This edition has been completely redesigned and now features a modern format and new graphics suitable for many levels of student readers.

Victor Breitburg is a survivor of the Łódź Ghetto, Auschwitz, Buchenwald, Rhemsdorf and Theresienstadt concentration camps. He was liberated with a group known as "The Boys". Their experiences have been documented in Sir Martin Gilbert's book, The Boys: Triumph Over Adversity. Victor's journey from Łódź, to the camps in Europe, to England, Scotland and the United States and his new life in America is the story told in this volume.

By early 1945, the destruction of the German Nazi State seems certain. The Allied forces, led by American generals George S. Patton and Dwight D. Eisenhower, are gaining control of Europe, leaving German leaders scrambling. Facing defeat, Adolf Hitler flees to a secret bunker with his new wife, Eva Braun, and his beloved dog, Blondi. It is there that all three would meet their end, thus ending the Third Reich and one of the darkest chapters of history. Hitler's Last Days is a gripping account of the death of one of the most reviled villains of the 20th century—a man whose regime of murder and terror haunts the world even today. Adapted from Bill O'Reilly's historical thriller Killing Patton, this book will have young readers—and grown-ups too—hooked on history. This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum.

There have been many remarkable women who served British Intelligence during the Second World War. One whose dubious claim to have worked for them is a fascinating tale involving three marriages – the first, to a spurious White Russian prince; the second to a playboy-turned-criminal involved in a major jewellery robbery in the heart of London's Mayfair in the late 1930s. After the war she became romantically involved with a well-known British Fascist, but finally married another notorious criminal whom she had met earlier during the war. The descriptions variously ascribed to her ranged from 'remarkable' and 'quite ravishing' to '...a woman whose loose living would make her an object of shame on any farm-yard'. Until now, very little has been recorded about Stella Lonsdale's life. She doesn't even merit a mention in the two official histories of MI5, even though she managed to tie them up in knots for years. This book will explore the role this strange woman may or may not have played in working for British Intelligence, the French Deuxième Bureau, or the Abwehr – German military intelligence – during the Second World War, using her MI5 files as a primary source.

Now for the first time, the complete expose of the most daring and successful forgery of all time. For seven days in April 1963, the sensational discovery of Hitler's sixty-two volumes of secret diaries dominated the news headlines of the world. Scholars hailed the diaries as the greatest find of the century, a historical bonanza that would entirely alter our views of Hitler and the Third Reich. Shocked readers followed daily installments showing that Hitler knew nothing about the Holocaust. Then, in an abrupt reversal, the diaries were proved to be bogus!

"A detailed and moving picture of how the Habsburgs suffered under the Nazi regime...scrupulously sourced, well-written, and accessible."—Publishers Weekly (starred review) It was during five youthful years in Vienna that Adolf Hitler's obsession with the Habsburg Imperial family became the catalyst for his vendetta against a vanished empire, a dead archduke, and his royal orphans. That hatred drove Hitler's rise to power and led directly to the tragedy of the Second World War and the Holocaust. The royal orphans of Archduke Franz Ferdinand—offspring of an upstairs-downstairs marriage that scandalized the tradition-bound Habsburg Empire—came to personify to Adolf Hitler, and others, all that was wrong about modernity, the twentieth century, and the Habsburgs' multi-ethnic, multi-cultural Austro-Hungarian Empire. They were outsiders in the greatest family of royal insiders in Europe, which put them on a collision course with Adolf Hitler. As he rose to power Hitler's hatred toward the Habsburgs and their diverse empire fixated on Franz Ferdinand's sons, who became outspoken critics and opponents of the Nazi party and its racist ideology. When Germany seized Austria in 1938, they were the first two Austrians arrested by the Gestapo, deported to Germany, and sent to Dachau. Within hours they went from palace to prison. The women in the family, including the Archduke's only daughter, Princess Sophie Hohenberg, declared their own war on Hitler. Their tenacity and personal courage in the face of betrayal, treachery, torture, and starvation sustained the family during the war and in the traumatic years that followed. Through a decade of research and interviews with the descendants of the Habsburgs, scholar James Longo explores the roots of Hitler's determination to destroy the family of the dead Archduke—and uncovers the family members' courageous fight against the Führer.

Victor's book is the first to show that implementing the Final Solution was actually the root of Hitler's most disastrous military decisions.

This investigation into the Nazi leader's mindset is "an inherently fascinating study . . . a work of meticulously presented and seminal scholarship"(Midwest Book Review). Adolf Hitler's virulent anti-Semitism is often attributed to external cultural and environmental factors. But as historian Peter den Hertog notes in this book, most of Hitler's contemporaries experienced the same culture and environment and didn't turn into rabid Jew-haters, let alone perpetrators of genocide. In this study, the author investigates what we do know about the roots of the German leader's anti-Semitism. He also takes the significant step of mapping out what we do not know in detail, opening pathways to further research. Focusing not only on history but on psychology, forensic psychiatry, and related fields, he reveals how Hitler was a man with highly paranoid traits, and clarifies the causes behind this paranoia while explaining its connection to his anti-Semitism. The author also explores, and answers, whether the Führer gave one specific instruction ordering the elimination of Europe's Jews, and, if so, when this took place. Peter den Hertog is able to provide an all-encompassing explanation for Hitler's anti-Semitism by combining insights from many different disciplines—and makes clearer how Hitler's own particular brand of anti-Semitism could lead the way to the Holocaust.
