Evaristo Carriego (Paraná, May 7, 1883 – Buenos Aires, October 13, 1912), was an Argentine poet, best known today for the biography written about him by Jorge Luis Borges. He was an important influence on the writing of tango lyrics, [2] and in homage the famous instrumental tango "A Evaristo Carriego" was written by Eduardo Rovira, and recorded by Orquesta Osvaldo Pugliese in 1969.

Evaristo Carriego - Wikipedia

Evaristo Carriego è il primo vero libro in prosa di Borges, se si escludono alcuni saggi come ad esempio Inquisizioni e L ' idioma degli argentini che più tardi il maestro argentino rinnegherà, proibendo la loro ristampa, esercitando così un controllo maniacale sulla sua opera, e quindi, mi viene da dire, sulla sua immagine postuma. E ' da qui che voglio partire per discutere del Carriego.

As I understand it, Evaristo Carriego is the first volume of essays that Borges published and didn't later repudiate. The core texts of my edition (the prologues, the chapter on Palermo, the two chapters on the poet and his works, and the short conclusion) were published in 1930.

Borges sets out to write a biography of Evaristo Carriego, a poet from the slums of Buenos Aires in the beginning of the 20th Century, but he gets farther and farther away from the original subject in order to talk about the origin of tango, the knife duels and the guitar ones, the confrontations between the "criollos" and the law, the writings on the side of the carriages (where he starts with Seneca and his display of history and philosophy) and, best of all, to include some anecdotes and ...

[Evaristo Carriego | Amazon.com.br](#)

Rodolfo Edwards, poeta argentino, nos habla sobre otro poeta: Evaristo Carriego, creador de Misas herejes (1908), La canción del barrio (1913) y Flor de arrabal (1927) "A partir de versos ...

Jorge Luis Borges wrote: "Fame is a form of incomprehension, perhaps the worst." Since his death Borges has been inducted into the world literary canon through the efforts of a number of influential critics and the Borges estate. Central to this project has been the publication of a group of grand volumes whose greatest achievement has been to make available in English works that had previously remained obscure, even in Spanish. The five-year collaboration (1967-1972) between Borges and Norman Thomas di Giovanni produced the translations that brought Borges his burgeoning global English readership. The Lesson of the Master--a memoir and essays--is an indispensable work for Borges readers and his growing legion of students and scholars. Di Giovanni was the only translator to have Borges on hand on a daily basis to contradict or authorize his work. In addition di Giovanni is not burdened with an over-reverence for his subject but is on the contrary playful, robust, and witty. The Lesson of the Master is an essential illumination of one of the great masters of twentieth-century literature.

Together with original readings of some of Benjamin ' s finest essays, this book examines a series of Borges ' s works as allegories of Argentine modernity.

A distinguished poet and essayist and one of the finest writers of short stories in world letters, Jorge Luis Borges deliberately and regularly altered his work by extensive revision. In this volume, renowned Borges scholar Daniel Balderston undertakes to piece together Borges's creative process through the marks he left on paper. Balderston has consulted over 170 manuscripts and primary documents to reconstruct the creative process by which Borges arrived at his final published texts. How Borges Wrote is organized around the stages of his writing process, from notes on his reading and brainstorming sessions to his compositional notebooks, revisions to various drafts, and even corrections in already-published works. The book includes hundreds of reproductions of Borges ' s manuscripts, allowing the reader to see clearly how he revised and "thought" on paper. The manuscripts studied include many of Borges ' s most celebrated stories and essays--"The Aleph," "Kafka and His Precursors," "The Cult of the Phoenix," "The Garden of Forking Paths," "Emma Zunz," and many

others--as well as lesser known but important works such as his 1930 biography of the poet Evaristo Carriego. As the first and only attempt at a systematic and comprehensive study of the trajectory of Borges's creative process, this will become a definitive work for all scholars who wish to trace how Borges wrote.

Forty short stories and essays have been selected as representative of the Argentine writer's metaphysical narratives

Available for the first time in English, *Signs of Borges* is widely regarded as the best single book on the work of Jorge Luis Borges. With a critical sensibility informed by Barthes, Lacan, Foucault, Blanchot, and the entire body of Borges scholarship, Sylvia Molloy explores the problem of meaning in Borges's work by remaining true to the uncanniness that is its foundation. Borges's sustained practice of the uncanny gives rise in his texts to endless tensions between illusion and meaning, and to the competing desires for fragmentation, dispersal, and stability. Molloy traces the movement of Borges's own writing by repeatedly spanning the boundaries of genre and cutting across the conventional separations of narrative, lyric and essay, fact and fiction. Rather than seeking to resolve the tensions and conflicts, she preserves and develops them, thereby maintaining the potential of these texts to disturb. At the site of these tensions, Molloy locates the play between meaning and meaninglessness that occurs in Borges's texts. From this vantage point his strategies of deception, recourse to simulacra, inquisitorial urge to unsettle binarism, and distrust of the permanent--all that makes Borges Borges--are examined with unmatched skill and acuity. Elegantly written and translated, *Signs of Borges* presents a remarkable and dynamic view of one of the most international and compelling writers of this century. It will be of great interest to all students of twentieth-century literature, particularly to students of Latin American literature.

El estudio de Jorge Luis Borges sobre Evaristo Carriego, un poeta argentino que fue popular a principios de siglo, no es un simple ejercicio crítico-biográfico ni un conjunto de estampas costumbristas.

He read and wrote with the greatest of passions. And Jorge Luis Borges, the greatest of Argentine writers, created, through a 60-year-long career, one of the significant and enduring literary legacies of any writer of the 20th century. The reach of his poetry, his stories, and his essays was global.
