Philosophy in the Bedroom (La philosophie dans le boudoir) is a 1795 book by the Marquis de Sade written in the form of a dramatic dialogue. Though initially considered a work of pornography, the book has come to be considered a socio-political drama. Set in a bedroom, the two lead characters make the argument that the only moral system that reinforces the recent political revolution is ...

The biography, the philosophy, and some of the most influential works of the infamous French writer who shocked the world with his erotic novel, *Justine*. No other writer has so scandalized proper society as the Marquis de Sade, but despite the deliberate destruction of over three-quarters of his work, Sade remains a major figure in the history of ideas. His influence on some of the greatest minds of the last century—from Baudelaire and Swinburne to Nietzsche, Dostoyevsky and Kafka—is indisputable. This volume contains *Philosophy in the Bedroom*, a major novel that presents the clearest summation of his political philosophy; *Eugénie de Franval*, a novella widely considered to be a masterpiece of eighteenth-century French literature; and the only authentic and complete American edition of his most famous work, *Justine*. This literary portrait of Sade is completed by one of his earliest philosophical efforts, *Dialogue between a Priest and a Dying Man*, a selection of his letters, a fifty-page chronology of his life, two important essays on Sade, and a bibliography of his work. " [Sade] remains a great, horrifying, but also vastly illuminating figure. " —*Newsweek* " *Justine* is the most abominable book ever engendered by the most depraved imagination. " —Napoleon Bonaparte " Shines a perverse and revealing spotlight on the entire era of the French Revolution . . . An important and elucidating book. " —Robert Lowry, *Chicago Sun-Times*

Part unabashed erotica, part social discourse, 'Philosophy in the Bedroom' is undoubtedly one of the Marquis De Sade's most uncompromising works. This tale, told in the main in dialogue, recounts the education and the resulting moral decline of Eugenie, at the instruction of Madame de Saint-Ange and Le Chevalier De Mirval, and their friend and collaborator Dolmance. Humorous in its telling and raw in the depiction of its scenes, the work leads the reader to the essence of De Sade's Libertinage, from riotous revelry to potent anti-establishment prose, the laws of Nature and on to its unforgettable conclusion. 200 years ago, this author was shocking audiences and forcing the masses to confront something the upper echelons of society had long known; pleasure, in all its forms and devices, was everything."

The most concise and representative text of de Sade's work containing his notorious doctrine of libertinage expounded in full, coupled with liberal doses of savage, unbridled eroticism, cruelty and violent sexuality. This new edition, includes *The Lust of The Libertines*, a brand new unexpurgated and explicit translation of the 447, complex, criminal and murderous lusts of the Libertines as documented by de Sade in his, accursed atrocity Bible *The 120 Days of Sodom*, a catalogue of debaucheries, cruelties and perversions as yet unequalled in print.

The Marquis de Sade's first book is an account of Eugenie's education by two libertines. The girl is finally so well-trained, she quite happily watches the rape of her own mother. Actually, the title is a comedy, and is generally considered de Sade's funniest work.

An erudite and highly enjoyable exploration of the most intriguing of personal spaces, from Greek and Roman antiquity through today The winner of France's prestigious Prix Femina Essai (2009), this imaginative and captivating book explores the many dimensions of the room in which we spend so much of our lives—the bedroom. Eminent cultural historian Michelle Perrot traces the evolution of the bedroom from the time of the ancient Greeks and Romans to today, examining its myriad forms and functions, from royal king's chamber to child's sleeping quarters to lovers' trysting place to monk's cell. The history of women, so eager for a room of their own, and that of prisons, where the principal cause of suffering is the lack of privacy, is interwoven with a reflection on secrecy, walls, the night and its mysteries. Drawing from a wide range of sources, including architectural and design treatises, private journals, novels, memoirs, and correspondences, Perrot's engaging book follows the many roads that lead to the bedroom—birth, sex, illness, death—in its endeavor to expose the most intimate, nocturnal side of human history.
