The bat, Harry learns, is the Aboriginal symbol of death. Our Harry, who hates social wrongs, always seems to meet those who have been victimized by some of mankind's many human rights violations. In this case there are a number of human rights issues in Australia but Aboriginal issues are the greatest of these.

Harry Hole is sent to Sydney to investigate the murder of Inger Holter, a young Norwegian girl who was working in a bar. Initially sidelined as an outsider, Harry becomes central to the Australian police investigation when they start to notice a number of unsolved rape and murder cases around the country. The victims were usually young blondes.

INTERNATIONAL BESTSELLER □ In the electrifying first installment of the Inspector Harry Hole series, Harry Hole of the Oslo Crime Squad is dispatched to Sydney to observe a murder case. As he circles closer to the killer, Harry begins to fear that no one is safe, least of all those investigating the murder. The victim is a twenty-three year old Norwegian woman who is a minor celebrity back home. Harry is free to offer assistance, but he has firm instructions to stay out of trouble. Never one to sit on the sidelines, Harry befriends one of the lead detectives, and one of the witnesses, as he is drawn deeper into the case. Together, they discover that this is only the latest in a string of unsolved murders, and the pattern points toward a psychopath working his way across the country.

Follows Harry Hole's efforts to solve the murder of a television celebrity whose demise is linked to a string of serial killings.

INTERNATIONAL BESTSELLER □ Inspector Harry Hole tracks a Norwegian serial killer in this "fiendishly complex and terrifically entertaining" (The New York Times Book Review) installment of the New York Times bestselling series. "Maddeningly addictive." □ Vanity Fair One night, after the first snowfall of the year, a boy named Jonas wakes up and discovers that his mother has disappeared. Only one trace of her remains: a pink scarf, his Christmas gift to her, now worn by the snowman that inexplicably appeared in their yard earlier that day. Inspector Harry Hole suspects a link between the missing woman and a suspicious letter he's received. The case deepens when a pattern emerges: over the past decade, eleven women have vanished—all on the day of the first snow. But this is a killer who makes his own rules ... and he'll break his pattern just to keep the game interesting, as he draws Harry ever closer into his twisted web. With brilliantly realized characters and hair-raising suspense, international bestselling author Jo Nesbø presents his most chilling case yet—one that will test Harry Hole to the very limits of

his sanity.

Follows Harry Hole's efforts to solve the murder of a television celebrity whose demise is linked to a string of serial killings.

From the #1 New York Times bestselling author of *Cockroaches*, Olav Johansen is a walking contradiction: a cold-blooded killer with a heart of gold. This was not a problem until he fell for his boss's wife. "Nesbø's much-heralded gifts are on display." "The New York Times Book Review Olav is a fixer for a high-profile crime kingpin in 1970s Oslo. He easily takes care of anyone who causes trouble for his boss. But he is more complicated than he seems. Olav's latest job puts him at the pinnacle of his trade, but it may become his greatest mistake: It turns out that the more you know about your boss's business, the more your boss might want you fixed yourself—especially if you're falling for his wife.

Brilliant, audaciously rogue police officer, Harry Hole from *The Snowman* and *The Thirst*, is back and in the throes of a new, unanticipated rage—once again hunting the murderer who has haunted his entire career. Harry Hole is not in a good place. Rakel—the only woman he's ever loved—has ended it with him, permanently. He's been given a chance for a new start with the Oslo Police but it's in the cold case office, when what he really wants is to be investigating cases he suspects have ties to Svein Finne, the serial rapist and murderer who Harry helped put behind bars. And now, Finne is free after a decade-plus in prison—free, and Harry is certain, unreformed and ready to take up where he left off. But things will get worse. When Harry wakes up the morning after a blackout, drunken night with blood that's clearly not his own on his hands, it's only the very beginning of what will be a waking nightmare the likes of which even he could never have imagined.

**INTERNATIONAL BESTSELLER** "In this "invigorating must-read" installment (Newsweek) of the New York Times bestselling series, Inspector Harry Hole investigates a serial killer targeting Oslo's police officers. For years, detective Harry Hole has been at the center of every major criminal investigation in Oslo. His brilliant insights and dedication to his job have saved countless lives over the years. But as the killer grows increasingly bold and the media reaction increasingly hysterical, the detective is nowhere to be found. This time, when those he loves and values most are facing terrible danger, Harry is in no position to protect anyone—least of all himself.

In the heat of a sweltering Oslo summer, a young woman is found murdered in her flat—with one of her fingers cut off and a tiny red star-shaped diamond placed under her eyelid. An off-the-rails alcoholic barely holding on to his job, Detective Harry Hole is assigned the case with Tom Waaler, a hated colleague whom Harry believes is responsible for the murder of his partner. When another woman is reported missing five days later, and her severed finger turns up adorned with a red star-shaped diamond ring, Harry fears a serial killer is at work. But Hole's determination to capture a fiend and to expose Waaler's crimes is leading him into shadowy places where both investigations merge in unexpected ways, forcing him to make difficult decisions about a future he may not live to see.

**#1 INTERNATIONAL BESTSELLER** "In this electrifying thriller from the author of *Police* and *The Snowman*, Inspector Harry Hole hunts down a serial murderer who targets his victims on Tinder. The murder victim, a self-declared Tinder addict. The one solid clue—fragments of rust and paint in her wounds—leaves the investigating team baffled. Two days later, there's a second murder: a woman of the same age, a Tinder user, an eerily similar scene. The chief of police knows there's only one man for this case. But Harry Hole is no longer with the force. He promised the woman he loves, and he promised himself, that he'd never go back: not after his last case, which put the people closest to him in grave danger. But there's something about these murders that catches his attention, something in the details that the investigators have missed. For Harry, it's like hearing "the voice of a man he was trying not to remember." Now, despite his promises, despite everything he risks, Harry throws himself back into the hunt for a figure who haunts him, the monster who got away.

**INTERNATIONAL BESTSELLER** "Meaty, gripping, full of tantalizing twists" (Associated Press), this installment of the international bestselling series brings Inspector Harry Hole back from Hong Kong hot on the trail of a serial killer. Inspector Harry Hole has retreated to Hong Kong, escaping the trauma of his last case in squalid opium dens, when two young women are found dead in Oslo, both drowned in their own blood. Media coverage quickly reaches a fever pitch. There are no clues, the police investigation is stalled, and Harry—the one man who might be able to help—can't be found. After he returns to Oslo, the killer strikes again, Harry's instincts take over, and nothing can keep him from the investigation, though there is little to go on. Worse, he will soon come to understand that he is dealing with a psychopath who will put him to the test, both professionally and personally, as never before.
