In this international bestseller investigating the murder of the Russian Imperial Family, Helen Rappaport embarks on a quest to uncover the various plots and plans to save them, why they failed, and who was responsible. The murder of the Romanov family in July 1918 horrified the world, and its aftershocks still reverberate today. In Putin's autocratic Russia, the Revolution itself is considered a crime, and its anniversary was largely ignored. In stark contrast, the centenary of the massacre of the Imperial Family was commemorated in 2018 by a huge ceremony attended by the Patriarch of the Russian Orthodox Church. While the murders themselves have received major attention, what has never been investigated in detail are the various plots and plans behind the scenes to save the family-on the part of their royal relatives, other governments, and Russian monarchists loyal to the Tsar. Rappaport refutes the claim that the fault lies entirely with King George V, as has been the traditional view for the last century. The responsibility for failing the Romanovs must be equally shared. The question of asylum for the Tsar and his family was an extremely complicated issue that presented enormous political, logistical and geographical challenges at a time when Europe was still at war. Like a modern day detective, Helen Rappaport draws on new and never-before-seen sources from archives in the US, Russia, Spain and the UK, creating a powerful account of near misses and close calls with a heartbreaking conclusion. With its up-to-the-minute research, The Race to Save the Romanovs is sure to replace outdated classics as the final word on the fate of the Romanovs.

The Newbery Award-winning and National Book Award finalist author of Bomb presents an account of the 1944 civil rights protest involving hundreds of African-American Navy servicemen who were unjustly charged with mutiny for refusing to work in unsafe conditions after the deadly Port Chicago explosion.

John Curtis Perry and Constantine V. My name is Anastasia. The history books say I died. They don't know the half of it. Anastasia "Nastya" Romanov was given a single mission: to smuggle an ancient spell into her suitcase on her way to exile in Siberia. It might be her family's only salvation. But the leader of the Bolshevik army is after them, and he's hunted Romanov before. Nastya's only chances of saving herself and her family are either to release the spell and deal with the consequences, or to enlist help from Zash, the handsome soldier who doesn't act like the average Bolshevik. Nastya has only dabbled in magic, but it doesn't frighten her half as much as her growing attraction to Zash. She likes him. She thinks he might even like her. That is, until she's on one side of a firing squad . . . and he's on the other. Praise for Romanov: "I am obsessed with this book!
