focus on practical problem solving for school principals and other educational leaders, this text retains its focus on research linking educational leadership and productive schools, especially in terms of outcomes for children. Treating the principalship as a complicated and constantly evolving position that requires a constant focus on learning, instruction, and school improvement, this seventh edition text teaches readers to be moral agents, social advocates, community leaders, and caring individuals.

With its focus on the critical elements of leadership essential for today's school principals, this widely popular resource combines a strong research base with a practical, hands-on approach to help aspiring, new, and experienced educators become effective school administrators. Organized into four sections, *The Principal* presents a vision for leadership and learning and shows how to create a positive school culture, manage the organization, and interact with the external environment. The new edition reflects the evolution in the roles of educational leaders; explores the increased tasks that are requiring principals to expand their toolboxes of skills in such areas as instructional leadership, data analysis, technology utilization, staff evaluation, and community relations; and looks at the mounting demands to rewrite their job descriptions every year. The Updated 8th edition includes references to the new 2015 Professional Standards for Educational Leaders.

This book provides a bridge from learning the theory of school administration to the practical problem solving in which school principals and other leaders engage. This book continues to be based on the research indicating linkages between educational leadership and productive

schools, especially in terms of outcomes for children. It supports the understanding that formal leadership in schools is a complex, multi-faceted task that requires continual learning and that effective school leaders must be strong educators focused on the central issues of learning, teaching, and school improvement. School leaders must also be moral agents and social advocates for the children and communities they serve while working with community stakeholders to create learning communities that value and care for others as individuals and as members of the educational community. For those aspiring to become principals or hold leadership positions.

This text is organized around the ISLLC Standards and provides a bridge from the theory of school administration to the practical problem solving in which school principals and other leaders engage. The Principal is organized into four parts centered on the six Interstate School Leaders Licensure Consortium (ISLLC) Standards developed specifically for school leaders. Each of the four major parts of the book is framed with one or two of the Standards as its major theme. Now in its Fifth Edition, this text continues to be based on the research indicating linkages between educational leadership and productive schools, especially in terms of outcomes for children. It supports the understanding that formal leadership in schools is a complex, multi-faceted task that requires continual learning and that effective school leaders must be strong educators focused on the central issues of learning, teaching, and school improvement. School leaders must also be moral agents and social advocates for the children
