Enter Thinking in New Boxes, a revolutionary road map for sustainable creativity, written by two strategic innovation experts from The Boston Consulting Group. To make sense of the world, we all rely on assumptions, on models—on what Luc de Brabandere and Alan Iny call “boxes.”

Thinking in New Boxes: A New Paradigm for Business ...

Thinking in New boxes is a really thought provoking, inspiring book. It demonstrates how to bring the rather nebulous concept of "being creative" into a kind of standard process. The key point here is that you can't think "outside the box". That's not how human mind works.

Thinking in New Boxes: A New Paradigm for Business ...

Thinking in New Boxes can help people rediscover the full power of thinking in all its many dimensions. It can help them come together to imagine, shape, and then release into the world new designs, strategies, and visions that may lead to the next Post-it note or the next iPad.

Thinking in New Boxes: Book Release & Summary | BCG

The usual thinking for creativity is to think outside the box, but doing that is harder than it sounds. It's better to recognize the boxes that we find ourselves in. The constraints we assume or place on our businesses, and then find new boxes 'Thinking in New Boxes: A New Paradigm for Business Creativity' by Luc de Brabandere and Alan Iny is one of the better, more focused books I've read on business creativity.

Thinking in New Boxes: A New Paradigm for Business ...

For decades, organizational leaders have been instructed in the same conventional way: try to think outside the box. The problem is that doing this is often enormously difficult. No matter how creative, open minded, and forward thinking people may strive to be, they frequently do not know which mental framework—which box—they’re supposed to think outside [...]

Thinking In New Boxes: A New Paradigm for Business ...

There is a systematic process for doing so, according to the authors. Thinking in New Boxes outlines exercises that deliberately challenge and dismantle preconceptions; encourage views that may be unconventional, unpopular, unattractive, or even seemingly misguided; lead people to imagine radical and unlikely scenarios and how they may impact the organization; and force people to intentionally make large leaps away from past practices and beliefs.
